

Temperature Therapy

Neoprene Hot/Cold Therapy Wraps

- Constructed of comfortable neoprene material for an ergonomic fit
- Packaged with 2 gel packs to provide hot or cold therapy
- Packs can be uniquely positioned within wraps to provide more targeted treatment and improved compression
- Can be worn without gel packs for compression, support and warmth
- Shoulder and knee wraps available in each or 10/case quantity

Indications: Pain and soft tissue swelling as a result of surgery or trauma

Description	Measurement	Packs	Product #
Shoulder	47" x 13"	2	9361-00
		4	9361-10 (10 per/case)
